

SERVING STRONG DURING A PANDEMIC

Everyone at SouthCoast Health have made significant changes to the way we do our jobs. We wear masks, we disinfect, we distance ourselves from our co-workers, we hold meetings and treat patients virtually, and these are just a few of the changes that have taken place. As a healthcare practice, navigating the waters of this tumultuous time comes rife with challenges. However, the perseverance, strength, and compassion shown by SouthCoast Health employees exemplifies a team dedicated to the well being of the entire Coastal Empire and Lowcountry communities.

A special call out goes to our team of employees for uniting to implement one of the first drive-up COVID-19 testing sites in the region. To date, we have tested more than 5,000 patients at our site in Savannah. Our drive-up staff have endured harsh conditions including extreme heat and high humidity while garbed in full personal protection equipment (PPE). Staying true to our daily mission of providing best-in-class care to our patients, our providers and staff have certainly risen to the occasion.

A huge thank you to everyone at SouthCoast Health for serving strong during this time.

Screeener,
Bldg. 2

Alexis Lovett
Screeener,
Pooler

Amondre Davis
Screeener,
Bldg. 2

Billie Todd
Screeener,
RH 89

Dear Employees,

Over the last several weeks, we have seen a marked increase in the number of SouthCoast employees testing positive for COVID-19 **due to an exposure outside of the workplace**. While SouthCoast has implemented strict measures to limit the risk of workplace exposures, I am concerned that some of you may not be taking steps to protect yourself outside of work. As healthcare workers, we all need to be setting the example for our community. Therefore, I want to stress to all of you the importance of following CDC guidelines when you are away from work.

Wear a mask when in public settings or when around people who do not live in your household.

Practice social distancing.

Avoid social gatherings.

Wash your hands frequently.

Monitor your health daily.

COVID-19 is a serious disease. You owe it to yourself, your family, your coworkers and our patients to be as cautious outside of work as you are at work.

Respectfully,

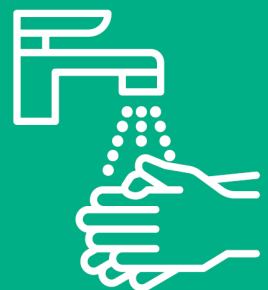

John Marrero

**Wear a cloth
face covering.**

**Stay at least 6 feet apart
from others at all times.**

**Wash your hands often
or use hand sanitizer.**

*** Anniversary pins and certificates will be given from the past couple of months, please be patient until I can get caught up.

Thank you,
Peron

HR CORNER

Kudos to Monique Wright for her excellent patient care with an Imaging patient. Monique went above and beyond to calm the patient of some fears she was encountering.
